

June 21st, 2013

Dear Parents, Guardians and Community Members,

Recently, our school sent home a draft copy of the dress code for the 2013-2014 school year. In the dress code information packet, a statement was made about not allowing a certain hairstyle. This information has offended many people and by no means did we have any intention of creating bias towards any of our students. We truly apologize for this mistake and want to thank everyone for their feedback about the information in our handbook.

Furthermore, we are taking the matter seriously and again apologize for any offense it may have caused. We are currently taking the necessary steps to correct the information and to prevent this from ever happening again. We will be sending the final updated version of our dress code as soon as possible.

In closing, HSA would like to thank everyone for their feedback with our school procedures and policies. We know that you share our vision and desire to make our school the best and the safest it can be for our staff, students, parents and community members. Please feel free to contact us at any time with suggestions or inquiries regarding our policies and procedures at Horizon Science Academy.

Again, we appreciate your feedback and for bringing this to our attention. If you have any further questions please don't hesitate to contact the school.

Respectfully,

HSA Administration
