Ohio Revised Code (ORC) 3314.03(D)(2) specifies that the sponsor of the school must “monitor and evaluate the academic and fiscal performance and the organization and operation of the community school on at least an annual basis.”

Buckeye Community Hope Foundation (BCHF) bases its evaluation of school performance on each of the state required indicators and performance measures listed in the charter contract. BCHF monitors the performance of the community school through attendance at board meetings, bi-monthly visits to the school, monthly reviews of financial reports, and quarterly reviews of academic progress reports, along with a number of other reports relative to the school’s performance. Buckeye Community Hope Foundation served as the sponsor for HSA Lorain during the 2020-2021 school year, and found the school substantially compliant with the rules and regulations governing community schools.

All community school sponsors are required to submit a written report of the evaluation results of the school’s academic, financial, and organizational performance, as well as the school’s legal compliance to the Ohio Department of Education and make the report available to parents of students enrolled in the community school. As such, an Annual Report regarding the performance of this school and other schools under the sponsorship of Buckeye Community Hope Foundation will be posted on our website www.buckeyehope.org, no later than November 30, 2021.

**QUICK FACTS/HIGHLIGHTS**

- Public charter school opened in 2009
- Average class size of 25 students

PRINCIPAL’S MESSAGE

Since we opened our doors in 2009, Horizon Science Academy of Lorain has grown from 90 students, to now serving more than 835 students in grades K-12. As a result of the hard work and dedication of our wonderful team, HSA Lorain has made significant differences throughout our school community and established a laser focus on continuous improvement of academic excellence for all our students.

Being a part of the comprehensive, student-centered, and evidence-based Concept Schools instructional model, our highly qualified staff cultivate a “whatever it takes” attitude towards helping all our students reach success. I invite you to visit our school in the near future to witness the wonderful educational opportunities that we provide each and every day.

Humbly Serving,

Daniel Sumer

Since 1999, Concept Schools has been a leading educational advocate for the national charter public school movement and is known for sharing its resources with traditional schools in order to advance the educational experiences for all students.

Concept Schools is a nonprofit charter management organization that provides a high-quality, STEM-focused, and college-preparatory education through a network of charter schools while offering exceptional programs, comprehensive services, and opportunities to partner in education.

Class of 2020 earned more than $39.1 million in academic scholarships with 96% college acceptance rate.

STUDENT SNAPSHOT
- African-American 57%
- White 14%
- Hispanic/Latino 21%
- Multiracial 6%
- Asian 2%

Concept Schools provides excellent learning opportunities for historically underserved communities where nearly 85% qualify as low-income.
By providing various layers of academic, financial, and operational support, Concept Schools is a comprehensive service provider.

Leadership tomorrow depends on how we educate our students today, especially in science, technology, engineering and math.

- Barack Obama

Through its STEM-focused and college-preparatory model, Concept Schools supports teaching and learning to and through college.

The Concept Schools Science and Engineering Fair provides a venue for students to share and model their STEM research and experiences.

MathCON is an online mathematics competition that provides a platform for the world’s top math students to compete on a global scale.

SEVENSKY manages the branding, marketing, and advertising efforts of all Concept network schools, programs, and events. Seven Sky is expanding to support other educational organizations achieve their audio and visual dreams.

CYSP is an enrichment program available to all students that empowers students and enhances their self-confidence and social impact on their communities.

Future Institute supports high school graduates as they transition into their college or career pathways by providing mentorship programs, college workshops, internship opportunities, and scholarships.
